STATINTL

1. This memorandum submits a recommendation for  
your approval. The recommendation is contained in paragraph 4.

2. In a memorandum to the Deputy Director for Support  
(Ref OGC 70-1660 dated 29 September 1970), the General Counsel  
recommended that [redacted] be rescinded because he could not STATINTL  
conceive of circumstances which would persuade the Agency to  
terminate under E.O. 10450 and [redacted] procedures rather than  
under [redacted] and [redacted]. He pointed out that the existence of  
[redacted] and its procedural safeguards could jeopardize any litigation  
arising from a termination under another Agency regulation, if there  
are any security implications in such termination.

3. Section 3(b) of E.O. 10450, as amended, reads as  
follows: "The head of any department or agency shall designate,  
or cause to be designated, any position within his department or  
agency, the occupant of which could bring about, by virtue of the  
nature of the position, a material adverse effect on the national  
security as a sensitive position". In compliance thereof the  
following paragraph was included in [redacted] "All positions in STATINTL

25X1

STATINTL

the CIA occupied by staff employees are hereby designated sensitive within the meaning of Section 3(b) of E.O. 10450". When [redacted] is rescinded, (coordination within the Agency leading to revision is currently underway) the designation of sensitive positions should be restated. The General Counsel in his memorandum referred to above, suggests that a DDS memorandum could accomplish this.

4. It is recommended that you sign the attached memorandum designating all positions in CIA as sensitive. This would include not only positions occupied by staff employees but also detailees from other agencies, witting contract employees, consultants and summer-only positions.
